

Sending Recorded Files

1. Go to <http://www.filedropper.com/online-file-storage.php> and click on the "Upload File" Button

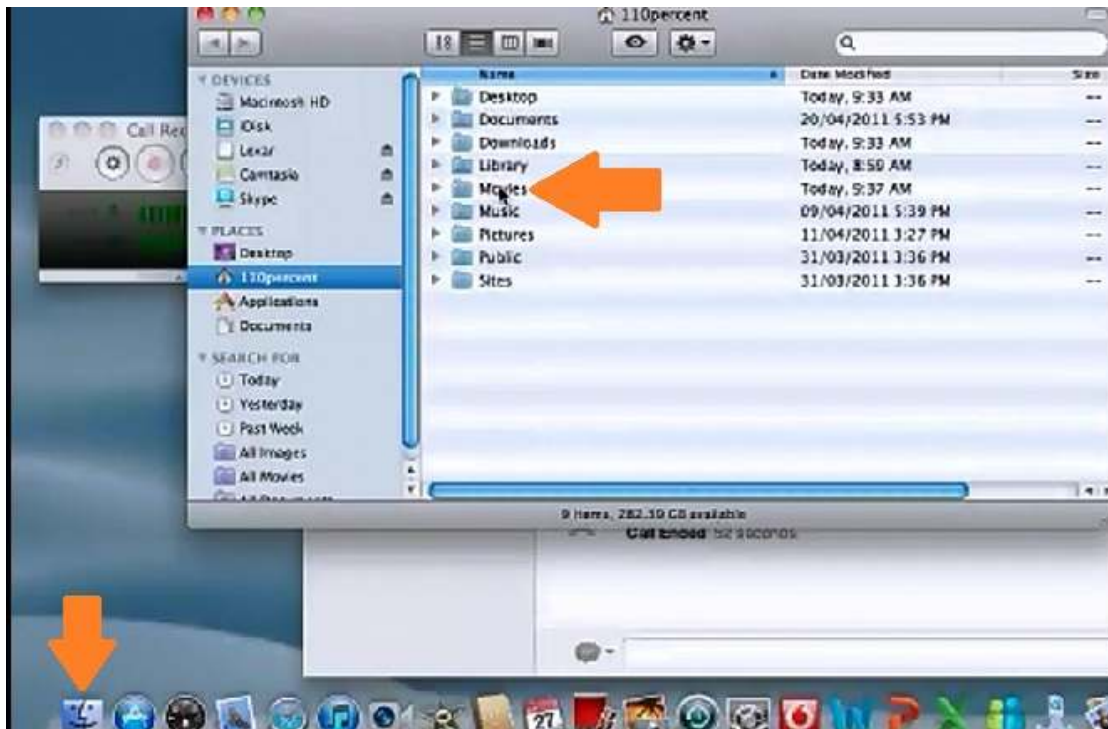

Free Online File Storage with Filedropper

2. Select the files that you wish to send; For the PC "Pamela" Files are by default located in "My Documents\Pamela\Callrecord\" and can easily be found by going to the Tools Tab, selecting 'Options' and then "Call Recording".

Mac "Call Recorder" files are by default located in the Finder > Movies > Saved Calls (please send both AIFF files - Side 1 and Side 2).

3. Once the file is uploaded, a link will be provided, please email that link to <mailto:david@supertraininginternational.com> so I can collect the file and put it into the podcast.
